SUMMARY

As a skilled radiologic technologist, I have experience performing a variety of diagnostic imaging exams, including X-rays, CT scans, MRI scans, and ultrasound. I am proficient in operating imaging equipment, positioning patients for optimal imaging, and ensuring the safety and comfort of patients during exams. I have a strong understanding of radiation safety protocols and am committed to delivering high-quality images that aid in accurate diagnoses and treatment planning. Additionally, I possess excellent communication skills and am able to work collaboratively with healthcare teams to provide exceptional patient care.

EXPERIENCE

AGA KHAN UNIVERSITY HOSPITAL

02/2019 - PRESENT

RADIOGRAPHER

Recorded vital statistics and medical history, produced portable X-Rays, positioned patients for procedures, performed CT scans, and prepared examination rooms for subsequent use.

- Recorded patient's vital statistics, medical history, and current symptoms
- Produced OR and ER portable X-Rays
- Positioned patients for optimal comfort before procedures
- Performed CT scans with and without contrast
- Cleaned and prepared examination rooms for subsequent use

PATEL HOSPITAL

10/2017 - 02/2019

RADIOGRAPHER

Performed general routine X-Rays and conducted CT scans with or without contrast to aid in the diagnosis and treatment of medical conditions at Patel Hospital.

- Conducted general routine X-Rays and Portable X-Rays.
- Performed CT Scans with or without contrast.

DR ZIAUDDIN HOSPITAL

01/2015 - 12/2018

RADIOGRAPHER

Designed and developed user-friendly web interfaces and implemented new features on existing applications. Collaborated with designers and developers to ensure seamless integration and optimized web page load times through efficient coding practices.

- Produced OR and ER portable X-Rays
- Performed CT scan with and without contrast
- Performed MRI screening and Contrast studies
- Performed fluoroscopic procedures
